Services Offered

Mindfulness Conclaves

With the objective of employee wellbeing, we make use of powerful activities from meditation to storytelling to creative visualization to bring more calm and transformation in individuals.

Tailor-Made Corporate Session

Every organization works on its individual mission and principles, we work closely with the HR team to formulate exclusive tailor made sessions to suit the requirements of the employees/ address a particular concern. Eg, unproductivity, stress & anxiety, work pressure etc

Happiness & High Performance Session

Happiness brings High Performance, it's never the other way round. Happy employees are 13% more productive than others. Keeping this in mind, we work on invoking internal happiness for long term high performance.
